Pre-Summer Sports Camp

campers entering grades 1 - 8

If your child ends school in early June and you are looking for a program where they can be active and develop their athletic abilities, then you are at the right place! Wardlaw+Hartridge's Pre-Summer Sports Camp is a one week program for campers who want to elevate their game, or just have fun while learning a new sport. Our Pre-Summer Sports Camp is intended to cultivate athlete's talents in an engaging, supportive, and challenging environment.

Coached by Wardlaw+Hartridge's talented coaching staff, campers will develop techniques to help them become better athletes and reach the pinnacle of their game. In this intensive, but enjoyable program, campers will work on fundamentals each day and coaches will develop training programs so that every camper gets the most out of their experience. The camp is open to athletes of all levels but campers must be able to participate in 2-3 hours of sports each day.

DATES: June 17 - 21, 2024 (no camp June 19th)

GRADE 1 - 5

For students entering Grades 1-5, we offer a Multisports Camp which is designed to inspire a passion in sports through engaging sessions that feature different sports each day. Aside from sports, students will swim and take part in active games and other activities throughout the day.

Adventure Camp

campers entering grades 1 - 5

Welcome to Adventure Camp, where every day is a fun adventure! In this program for children entering grades 1-5, campers develop and practice life skills through experiential, engaging activities that build independence and self-confidence. Campers spend their day participating in a variety of activities that encourage logical thinking, creativity, and physical education. In the mornings, all campers will participate in hands-on activities involving aspects of science and art, while also having an opportunity to swim two days a week. The rest of the day is dedicated to outdoor and indoor games and activities that encourage kids to be kids. Whether it's a water balloon toss, an exciting game of kickball or an epic game of capture the flag, campers will have different options each day to ensure they have an exciting adventure. We also understand that our campers might need some time to rejuvenate; therefore, each day will have time dedicated for campers to participate in indoor activities as well.

Specialty Camp

campers entering grades 4 - 8

Welcome to Wardlaw+Hartridge's Specialty Camps! Specialty Camps offer campers the opportunity to explore new subjects or cultivate existing interests with hands-on activities and projects. Each camp is devoted to a specific subject to ensure the most in-depth, appropriate exposure to the topic possible. Each specialty camp has two groups; one group is for campers entering 4th - 6th grade and the other group is for campers entering 6th - 8th grade. Our 4th - 6th grade groups will spend two hours throughout the day focusing on their specialty while our 6th - 8th grade groups will go a little more in-depth, spending 3.5 hours each day on their specialty. Outside of their specialty, campers will have a typical camp experience that includes swimming two to three days a week and various outdoor and indoor activities to choose from.

Musical Theater Camp

campers entering grades 5 - 8

Campers entering grades 5-8 will have an opportunity to explore all aspects of musical theater production which includes vocal coaching, acting, costume design, and set design. Throughout the four weeks, campers spend their mornings working on a live production that they will showcase to families and friends at the end of the program. Our focus is on building campers' confidence and self-esteem. By using theater as a tool, we help our campers break out of their shells, and become confident in public speaking and their everyday lives. In the afternoon, campers will experience a typical camp experience that includes their choice of swimming and various outdoor and indoor activities and games to choose from.

DATES: July 15 - August 9, 2024

Summer Scholars

students entering grades 7 - 12

Wardlaw+Hartridge's Summer Scholars Program is intended for students entering grades 7-12 who want an academic summer experience to gain exposure to a course they might take in the next school year, or review a course before moving onto the next level. We offer non-credit academic enrichment programs for students entering grades 7-12 and full credit courses for students entering grades 9-12.

Whether you are joining Summer Scholars to give yourself an academic challenge or just want to try and prevent the "summer slide" that is so common with this age group, our students will be met with an enriching experience that is taught by talented and experienced faculty.

GRADES 7 - 9 (non-credit courses)

Students enrolled in our 7th-9th grade program will take two classes each day. The first class runs 8:45am - 10:30am and students can either take Pre-Algebra or Algebra 1. The second class runs from 10:45am - 12pm and all students will take the Reading/Writing for a well-balanced academic experience.

Students entering grades 7-8 may choose to extend the day by adding an afternoon option to join our camp activities. Students who choose this option will join one of our camp groups to participate in lunch, swimming and other outdoor and indoor activities and games each day.

Dates: June 24 - July 12th, 2024 (Session 1, not in session July 4th and 5th); July 15 - August 2, 2024 (Session 2)

Hours: 8:45am - 12pm; Afternoon option for grades 7-8: 12pm - 3:45pm; After Camp: 3:45pm - 6pm

Costs: The cost for 1 session is \$1,350 and the cost for both sessions is \$2,400

Afternoon option: \$250/week; After Camp: \$30/day

Discounts: W+H offers \$150 off if a student attends session 1 and we also offer a 5% sibling discount

GRADES 9 - 12 (non-credit courses)

Algebra II: 9:00am - 11:30am

This course, intended for students who have completed a full course in Algebra I, will introduce students to concepts in Algebra II such as quadratics and various ways to solve them (square root method, factoring, completing the square, the quadratic formula, etc.). Students will also learn about vertex form and graphing, polynomials, rationales, intercepts, asymptotes, and much more.

Geometry: 9:00am - 11:30am

This course explores selected topics that are fundamental in a traditional Geometry course. Topics covered include basics of Geometry: points, lines, planes, distance and midpoint, angles and measurement, segment and angle bisectors, parallel and perpendiculars, triangles, quadrilaterals, tangents, and more.

Dates: June 24 - July 12th, 2024 (Session 1, not in session July 4th and 5th); July 15 - August 2, 2024 (Session 2)

Costs: The cost for 1 session is \$975 and the cost for both sessions is \$1,750

Discounts: W+H offers \$100 off if a student attends session 1 and we also offer a 5% sibling discount

CREDIT COURSES

Full credit courses are for students wishing to advance their academic studies in the summer. These courses are academically rigorous and are equivalent to a college preparatory course. A course may be taken for transfer credit if the student's school gives approval. Wardlaw+Hartridge students taking a course must obtain approval from the department chair from the area of expertise and the Division Head. Students can choose one of the following courses:

Algebra II

This course covers the study of functions-linear, quadratic, inverse, trigonometric, discrete, and recursive. These functions will be solved and graphed with and without the graphing calculator. The real number system will be extended to include rational exponents and complex numbers. (Prerequisite: Algebra 1)

Geometry

This course is a study of the properties of points, lines, angles, plane figures and solids. Topics to be covered will include congruence, constructions, parallelism, similarity, perpendicularity, areas, and volumes. Emphasis is placed on deductive reasoning, mathematical proof and the postulates and theorems. Also, the elements of coordinate geometry and right triangle trigonometry will be introduced.

Pre-Calculus and Trigonometry

This course expands the concepts of Algebra II and includes further study of functions and their graphs. The additional functions include polynomial, exponential and logarithmic functions, series, sequences, and limits. The six trigonometric functions which will be studied include functions of special and quadrantal angles, fundamental identities, graphs, inverse trig functions, applications and trigonometry equations. Parametric equations and polar graphing will be included as well.

Dates: June 24 - July 29th, 2024 (120 hours; not in session July 4th and 5th)

Hours: 8:30am - 1:30pm

Costs: \$2,050 (W+H offers a 5% sibling discount)
