

Summer Assignment AP Biology

- Watch video lectures for chapters 1-3 on Haiku. Each section of the chapter will be a different video and will be about a half hour long.
- Take notes on the videos and answer any questions that are listed with the videos. You can do this typed up or handwritten. But it must be handed in the first day of class.
- If you misunderstand something in the video, please refer to it in your textbook
- Fill out the root word list given to you below, you can utilize your textbook and the internet
- If you have any questions, e-mail me at jborzumato@whschool.org
- Have a great summer!
